Dan,

Please agree to the terms for just one more 50k amount. I cannot pay bills and function without it and it would be nuts for us to risk not completing documents that we are working on, regarding RCA. **This would be the last 50k** in this form as we should be seeing something from RCA within the next 6 months, but if I cannot function and pay bills then we risk shutting down and that would accomplish nothing. You are accumulating % in which you will get paid one way or another. Remember, we've put a lot more into this business than you, well over 1 million.

Dan, you did not listen to me when I said get out with a 25% gain in the Spring. You did not listen to me several times on signals and profit taking. You've taken a 30% drawdown which you said you would not do. Please listen to me and let's continue on and try for the next six months. I have some ideas of how we can get 25-50 million by giving away a little equity on our companies, which would be very well worth it at this point, but I can't even pursue that if I can't pay the basic bills.

Again, please give this 6 more months, listen to me - do not give up.

I'll call you tomorrow - please take the call.

Thanks.
